

# **Gulf Pride 4T Plus**

## Premium 4-Stroke Motorcycle Oil

## **Product Description**

**Gulf Pride 4T Plus** is a premium quality 4-stroke gasoline engine oil developed specifically to meet the special requirements of the latest high-performance air cooled 4-stroke motorcycles. It is blended from superior quality high viscosity index base oils and specially selected performance additives to provide excellent protection for engine, gearbox and wet clutch used in 4-stroke motorcycles. SAE 10W-30 is semi-synthetic. It provides high degree of reliability even under severe operating conditions. This oil exceeds the international specification JASO MA for 4-stroke motorcycle oils and the requirements of leading global 4-stroke motorcycle manufacturers.

#### Features & Benefits

- Outstanding thermo-oxidative stability minimises high temperature deposit formation and controls oil thickening facilitating extended engine and oil life
- Exceptional antiwear properties protect vital engine and gear components leading to reduced maintenance costs
- Optimised frictional properties eliminate wet clutch slippage leading to increased power / fuel economy and improved drivability
- Unique combination of detergents and dispersants provide excellent control on piston deposits leading to faster heat dissipation and longer engine life
- Excellent shear stability maintains viscosity under high temperature-high shear environment and provides improved wear protection
- Exceptional low volatility characteristics reduce oil consumption and hydrocarbon pollution
- Effective rust and corrosion inhibition property ensures longer life of critical engine components

### **Applications**

• Recommended for new generation 4-stroke gasoline engines in high performance motorcycles of all leading global manufacturers

## Specifications, Approvals & Typical Properties

Meets the following Specifications		10W-30	20W-40	20W-50
API SL		Х	Х	Х
JASO MA (JASO T 903: 2011)			-	Х
Has the following On File Statu	s			
JASO MA2 on-file registration		Х	Х	
Typical Properties				
Test Parameters	ASTM Method	Typical Values		
Viscosity @ 100 °C, cSt	D 445	10.7	14.40	18.7
Viscosity Index	D 2270	146	120	127
Flash Point, °C	D 92	234	246	243
Pour Point, °C	D 97	-33	-33	-24
TBN, mg KOH/g	D 2896	9.3	7.9	8.1
Density @ 15°C, Kg/l	D 1298	0.867	0.876	0.894
Sulphated Ash, %wt	D 874	1.07	1.00	1.13
