## Commercial Vehicle Engine Oil

### Product Description

Gulf SDMO series is heavy duty diesel engine oil developed to meet the requirements of a variety of diesel engines operating under different conditions. It is formulated from highly refined base stocks and chosen additives to provide reliable protection to engines operating under various environments. It is suitable for use in a wide range of on and off-highway applications where such type of lubricant is recommended.

### Features & Benefits

- Improved detergency characteristics ensure cleaner engine
- Effective antiwear characteristics protect engine components
- Good oxidation stability controls premature oil thickening
- Better corrosion inhibition properties protect engine components against rust and corrosion

### Applications

- Diesel engines of all leading engine manufacturers where such performance level oil is recommended
- On-highway applications including light and heavy duty trucking
- Heavy-duty diesel engines used in mining, construction, agriculture and other off-highway road applications where such performance level oil is recommended
