

Gulf Syngear MT

Synthetic Automotive Gear Oil

Product Description

Gulf Syngear MT is a synthetic supreme performance manual transmission lubricant specially developed for heavy-duty transmissions used in heavy-duty trucks and passenger cars. It offers enhanced gear shiftability, extended service life and excellent protection against component wear & oil seal deterioration. Its high viscosity index provides reliable lubrication in applications encountering high-speed, high torque conditions across wide temperature ranges

Features & Benefits

- Exceptional thermo-oxidative stability helps in minimizing high-temperature deposit formation and extending the oil life – significantly longer than conventional gear oils
- Excellent superior thermo-oxidative stability provides enhanced system cleanliness and enables longer service intervals
- Outstanding rust and corrosion protection
- Excellent seal compatibility helps minimise leakages and reduce chances of contamination

Application

- Manual Transmission of Heavy Duty On-highway and Off-highway vehicles requiring such quality oils
- Suitable for use where Eaton Roadranger® extended drain (Not Officially Approved by Eaton), Dana synchronized and non-synchronized transmissions, Spicer Transmission Extended Drain
